RAYMOND STIRS THINGS UP AS NEW SUPERVISOR

Objects to Secret Sessions and Knocks Out Standing Committees in First Round.—Piles Work On Chairman's Shoulders.—Promotion Gets Its \$50.

The rule of precedent got its body blow in the Board of Supervisors this week. An iconoclast sat in the deliberations of the county body, and within half an hour after the opening session Thursday morning, a choice bunch of cherished idols were in hopeless fragments.

Dr. J. H. Raymond, the lately appointed member to succeed Wm. Henning, resigned, was the disturbing factor. He is the lone Democrat on the board, and holds only until next May, unless he shall be then elected to succeed himself; but from indications he will be very much in evidence while he does remain.

The fun began when Supervisor Drummond moved to go into caucus session, for the purpose of reorganizing the standing committees of the board. Dr. Raymond objected. In the first place he didn't favor caucuses or executive sessions, or other star-chamber proceedings of the board. In the second place he isn't in favor of any standing committees. He forthwith made a motion that the standing committees be abolished, and the motion carried with a rush.

Then the strenuous doctor began finding work for the chairman of the board to do. He insisted that Chairman Kalama was supposed to do the executive work of the body,

which has in the past been referred to committees. His idea again prevailed, and before the meeting was over the Chairman had been loaded up with a big bunch of work.

A committee of the Chamber of Commerce, appointed to meet the board in regard to the matter of fixing up the roads in the Kula district, waited on the board on Thursday afternoon, and got the promise of the board that everything possible will be done, and all moneys that may be utilized for the purpose, will be expended in fixing up the district. The committee consisted of W. O. Aiken, F. F. Baldwin, Wm. Walsh, and H. W. Rice. The board adjourned on Friday morning while Chairman Kalama and Hugh Howell, as expert, made a trip of inspection in the homestead district, to report before the board adjourns for the month.

Dr. Raymond gave notice that he will later offer a resolution by which an engineer is to be employed as expert by the board, to act as an adviser to Chairman Kalama in the road work and all engineering matters.

On presentation of the matter by R. A. Wadsworth, and J. J. Walsh, a committee of the chamber of commerce, the board voted to resume its contribution of \$50 per month to the promotion committee.

Reprinting Of Ballots Necessary

Democratic Objection Caused Much Extra Work and Expense All Over Territory—Courts Not Asked to Decide Matter.

A row kicked up by the democratic leaders in Honolulu, over the form of printed ballot for the primary election today, was the cause of a new set of ballots having to be printed, not only on Oahu, but in the other Counties as well. Much mystery prevailed here until the matter was explained early in the week by wireless from the Secretary's office.

The objection raised was that the sentences—"Vote for One Only," "Vote for Six Only," etc., and their Hawaiian equivalent, were placed at the left and right sides of the ballot, respectively, and immediately over the Republican and Lahui columns. This, it was contended, gave an unfair advantage to the two parties. The matter was not decided by the supreme court, but the change was finally agreed to by the leaders of the several parties in Honolulu.

It required some fast work to replace the spoiled stock, print the new ballots, and get them distributed to the various precincts, but by use of wireless and employment of special messengers this was finally accomplished, though at a very considerable additional cost.

The collection agreed to, consisted in shifting the sentences referred to, until they partly covered two party columns, instead of one.

Maui Bowlers Once More To Try Oahu

Team Will Go Down For Regatta Day and Try to Retrieve Harvest Home Honors.

Maui will be represented in the Regatta Day sports, in Honolulu next Saturday, with a strong bowling team. The boys, who will be captained by W. S. Chillingworth, expect to bring back the bacon which was lost at Puunene on Harvest Home day, last month. The team they will go up against, will be a picked team of the flower of Oahu's rollers, under Capt. Jas. Winnie, but Maui has won before, and expects to do it again.

In the team will be—W. S. Chillingworth, W. Bal, Jr., Wm. Scholtz, J. H. Nelson, and L. B. Kaumcheiwa. A sixth man will also be taken along to substitute in case any one breaks a leg; and this will probably be Ed. Deinert, of Puunene.

In order to help break even on their expenses, the bowling team is giving a dance this evening at the Gym, which will be a very pleasant affair, and which should be well patronized.

Will Draw Jurors For October Court Term.

The drawing of grand and trial jurors for the October term of circuit court, will take place on Thursday, September 24, according to an order issued this week by Judge Edings. This will be the first term of court since Judge Edings was appointed to the local bench.

Polo Ponies Go Tonight To Honolulu

Maui Mounts Will Be In Good Shape For Tournament.—First Match Wednesday, But Maui Will Play Saturday.

By the Maunaloa, which will stop at Kahului about 9 o'clock this evening on her return trip from Hilo, the ponies of the Maui team will be shipped to Honolulu in anticipation of the big inter-island tournament, which begins next Wednesday. Four games are to be played, but Maui does not play till the second, which takes place a week from today, and the Maui players will not go to Honolulu until Friday evening, the 18th.

The schedule of the four games to be played is as follows:

Wednesday, Sept. 16th, Oahu vs. Artillery.

Saturday, Sept. 19th, Maui vs. 4th Cavalry.

Wednesday, Sept. 23rd, the Losers of the 1st two matches.

Saturday, Sept. 26th, the Winners of the 1st two matches.

The Maui team will enter the matches with a good deal of confidence, having won three straight matches during the past summer from the Oahu team, which is probably stronger than either of the military aggregations. Besides the shipping of the ponies six days ahead of the first game, will insure their being in first class condition. The Maui line-up for the first match follows: A. W. Collins, No. 1; F. F. Baldwin, No. 2; H. W. Rice, No. 3; D. T. Fleming, No. 4.

Reports from Honolulu are to the effect that the artillery, cavalry and Oahu teams are practicing almost daily. Oahu feels keenly the absence of Walter Dillingham, but has a strong team, nevertheless. Her line-up will be: S. A. Baldwin, No. 1; H. K. L. Castle, No. 2; Walter Macfarlane, No. 3; and Arthur Rice, No. 4.

This will be the first appearance on the Moanalua Field of the First Field Artillery team. Beard, who will captain the team is a player of exceptional ability and has no doubt drilled his men well in the finer points of the game. Oahu will naturally outclass them in the way of mounts but the Artillery men are hard riding players and will no doubt put up an excellent game.

As to the Cavalry team, it is bound to be weakened with Lieuts. Cullom and Cheney out of the line up. These men are to leave for the mounted service school this week.

Great Music Promises Howell For Convention.

Hugh Howell, as a committee of one on music for the Civic Convention, is organizing a double quartet, and promises to have something startling in the way of music during the big gathering. All the literary and musical genius that the Territory can claim, is being drawn upon to supply ideas, and a sensation is to be expected as a result of all this collaboration.

Director Bevins reports that things are moving along nicely, and everything points to a convention of much interest and value to the whole territory.

Kauai Wants 1915 Civic Convention

Her Delegates Instructed to Ask For It—Ladies Will Not Attend This Year—Kauai Takes Much Interest.

Kauai will be out for the 1915 Civic Convention. At a meeting of the chamber of commerce of the Garden Island, held last week, the delegates appointed to represent the organization at the convention to be held in Wailuku on October 3 to 5, were instructed to get in their claims early. It seems generally believed that Kauai will not have to contest for the honor, inasmuch as it was understood last year that she would be next in line after Maui.

The Kauai delegates will join the Honolulu delegation and leave Honolulu on the evening of October 2nd, in the chartered steamer Mauna Loa. Kauai has appointed Rev. J. M. Lydgate to deliver the speech on "Co-operation," and Senator E. A. Knudsen the one on "Kauai"—the two subjects assigned the Garden Island for set speeches at the convention.

It is understood that ladies will not be expected to attend the Wailuku convention this year, inasmuch as the accommodations of the town will be severely taxed, in all probability, to fittingly look after the 200 or more delegates which are expected.

New Teachers For Kaupo.

Christian Andrews was yesterday appointed by H. W. Kinney, superintendent of public schools, as principal of the school at Kaupo, near Hana, Maui, says last Sunday's Advertiser. Besides the principal there will be another teacher, a young woman recently graduated from the Normal school. Andrews, who left yesterday by the steamer Mauna Kea for Maui, has been holding down the job of clerk to the district magistrate of Hilo. He is a democrat and has often been an unsuccessful candidate for legislative honors.
